Bethesda, MD 20852

Dear Board, Executive Council and KCOBNA Members,

RE: DONATION TO SUPPORT DRASA HEALTH TRUST IPC SIMULATION TRAINING CENTER

On behalf of the entire Dr. Ameyo Stella Adadevoh (DRASA) Health Trust Board and team, I would like to express our sincere gratitude for your generous \$12,140.00 donation in support of our establishment of Nigeria's first-ever Infection Prevention and Control (IPC) Simulation Training Center.

As you know, DRASA is committed to addressing the gaps in Nigeria's health system, safeguarding our economy and the protecting the livelihoods of our people. We work with government and local and international partners to promote adequate sanitation and hygiene, reduce and prevent the spread of infectious diseases, and strengthen Nigeria's health security and emergency preparedness. From education and outreach programs in low-resource communities and schools to developing new guidelines and policies, we have been working to ensure health across Nigeria is improved and the burden of preventable diseases is reduced. However, our IPC Training Program is our flagship and we are determined to use it to continue Dr. Ameyo Adadevoh's legacy, honor her sacrifice, and contribute to building a healthy society.

Currently, as the world faces the ongoing COVID-19 pandemic, there is a need to train and equip thousands of health workers across the country so they can identify the virus, manage patients adequately and safely, and prevent further spread. Your contribution to DRASA provides the critical support we need to scale up this effort, increase the frontline workforce required to stop COVID-19, and build a nationwide workforce that is prepared for all other public health emergencies that will happen in the future. As we move forward, we will provide updates and a report demonstrating how this donation is used to support our initiative.

We thank you again, wish you all the best in your endeavours and pray you and your families remain safe and healthy.

Sincerely,

Niniola Williams, Managing Director
